ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-in-Savings Disclosure are share accounts.

1. **Rate Information.** The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Share, Sub-Share, Christmas Club, IRA Share, Share Draft and Business Checking accounts, the Dividend Rate and Annual Percentage Yield may change quarterly as determined by the management and approved by the Board of Directors. For Money Market Share accounts, the Dividend Rate and Annual Percentage Yield may change monthly as determined by management and approved by the Credit Union's Board of Directors. The Dividend Rates and Annual Percentage Yields are the rates and yields as of the last dividend declaration date which is set forth in the Rate Schedule. The Money Market Share account is a Tiered Rate account. If your Daily Balance is from \$1,000.00 to \$4999.99, the first Dividend Rate and Annual Percentage Yield listed for this account in the Rate Schedule will apply. If your Daily Balance is from \$5,000.00 to \$24,999.99, the second Dividend Rate and Annual Percentage Yield listed for this account will apply. If your Daily Balance is \$25,000.00 or greater, the third Dividend Rate and Annual Percentage Yield listed for this account will apply. Once a particular

2. **Nature of Dividends.** Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

3. **Dividend Compounding and Crediting.** The compounding and crediting of dividends and dividend period applicable to each account are set forth in the Rate Schedule. The Dividend Period is the period of time at the end of which an account earns dividend credit. The Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. **Accrual of Dividends.** For all accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. If you close your account before accrued dividends are credited, accrued dividends will not be paid. However, any accrued dividends will be paid if you close the account within seven (7) days of the date you open it.

5. **Balance Information.** To open any account, you must deposit or already have on deposit at least the par value of one full share in any account. The par value amount is \$5.00. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in

If the minimum daily balance is not met, there will be a service fee as set forth in the Fee Schedule. For Share, Sub-Share, Christmas Club, IRA Share, Share Draft and Business Checking accounts using an Average Daily Balance method, dividends are calculated by applying a periodic rate to the average daily balance in the account for the period. The average daily balance is determined by adding the full amount of principal in the account for each day of the period and dividing that figure by the number of days in the period. For Money Market Share accounts using a Daily Balance method, dividends are calculated by applying a daily periodic rate to the principal in the account each day.
