THINK YOU DON'T NEED IDENTITY THEFT PROTECTION? THINK AGAIN.

Identity theft is consistently the number one complaint to the Federal Trade Commission. Rampant data breaches, affecting millions of records, are putting consumers at great risk of identity theft. It can happen to anyone—regardless of your age and income, where you live, or how careful you are.

Restoring your identity on your own can be time-consuming and stressful. After a while, some people give up, leaving them to contend with the aftermath of identity theft for years to come, including fraudulent bills, collections activity, damaged credit and even criminal records.

Mountain Credit Union is delighted to provide identity theft recovery services to all checking account holders at no cost. These services include:

Fully Managed Identity Theft Recovery Services - If you suspect identity theft, or if your personal information becomes compromised, we will assign you to a professional, certified and licensed Recovery Advocate that can complete the recovery work on your behalf, report progress along the way, and be there for you until your good name is restored - no matter how long it takes! This service extends to cover all named account holders.

Open a checking account with Mountain Credit Union today! Visit www.mountaincu.org for more information about these and other account benefits.
